SUBJECT: Market Medians: January 1999 through December 2020

The tables below update and supplement medians provided for the third quarter of 2020. Medians reported in the first section (Medians by Calendar Quarter) are derived from only those units which have had a new tenancy recorded in the Rent Tracking System (RTS) during the reported period.

We have updated the "Citywide" medians (includes all "rented" units regardless of tenancy date by number of bedrooms) and "All Units" medians (reflective of neither the unit size or tenancy date) to include medians as of December 31, 2020. For comparison purposes, December 31, 1998 medians are included below. Changes to previously reported figures are denoted by an asterisk (*).
