

**Instructions to Pass Through Increased Registration Fees to Tenancies Commenced Prior to 1/1/99**

Pursuant to Rent Stabilization Board Resolution 22-10, after landlords have paid the 2022/2023 registration fee, they may pass through a portion of this year's fee to their tenants in the form of an **\$10.00** per month rent increase for 12 consecutive months **only for tenancies that commenced prior to January 1, 1999**. The \$10.00 increase does not become part of the permanent rent ceiling for purposes of calculating next year's Annual General Adjustment. The \$10.00 rent increase allowed by Resolution 22-10 is not automatic, and landlords will only be eligible to pass it through to their tenants after they have paid the 2022/2023 registration fee as well as all outstanding fees and penalties and have given their tenants at least thirty (30) days' prior written notice of the increase. (A sample notice containing all necessary information is included below.) **If landlords have already been taking a pass-through increase pursuant to prior Board resolutions, they may not take the current \$10.00 pass-through increase until the previous increase has expired. Pass-through increases from the previous year may be taken for no more than 12 months. Owners should contact our office for further advice.** Additionally, landlords must serve notice to initiate the increase allowed by Resolution 22-10 on or before December 1, 2022, in order to receive their full pass-through. For simplicity and ease of tracking, we recommend that landlords begin taking this pass-through when the previous year's pass-through has expired. Unless subsequently extended by the Rent Board, the rent increase authorized by Resolution 22-10 must be terminated and the rent reduced by \$10.00 twelve months after it is imposed or December 31, 2023, whichever is earlier. Finally, **landlords must send a copy of the notice to pass through charges permitted by Resolution 22-10 to the Rent Board.**
