HAND-SPLIT SHAKE SIDING
Expanding the legacy of beauty...

Introducing

DAVINCI HAND-SPLIT SHAKE SIDING

The anticipation is over—DaVinci now offers Hand-Split Siding. The tile molds are created from authentic cedar shake, giving any home the beauty of real cedar without ongoing maintenance. With DaVinci, you can achieve your aesthetic goals top to bottom.

ENGINEERED TO LOOK BETTER, LONGER.

*Hand-Split Shake
vs. Natural Shake*

DaVinci Hand-Split Shake Siding gives you the look you love with superior durability for a lifetime. The attributes of authentic cedar disappear over time, whereas our siding tiles are resistant to mold, algae, fire, pests, impact, and salt air. By bringing 20 years of proven performance to a new exterior application, we've engineered siding that stands up to whatever your home may endure. Unlike real wood, Hand-Split Shake Siding does not curl, cup, or split; it is easy to install and never requires painting. When you demand the beauty of authentic wood but require effortless upkeep, DaVinci is on your side.

*Thick construction,

THE COLOR YOU LOVE *for a lifetime*

DaVinci tiles are made of virgin resins fortified with state-of-the-art UV stabilizers. The color you pick is the color you keep.

*With DaVinci, you've got
artistry and genius on your side.*

DaVinci's Hand-Split Siding provides the craftsmanship and authenticity of natural, hand-split cedar with the advantages of color stability and a lifetime warranty. Our versatile design guarantees you can meet your vision.

As our name implies, our ability to blend colors and create drama is unparalleled.
