I. BACKGROUND /SUMMARY/or INTRODUCTION

On April 7, 2022, Berkeley’s Housing Advisory Commission (HAC) adopted recommendations for City Council on a Housing Preference Policy. A Housing Preference Policy (HPP) will establish priorities (“Preferences”) for leasing new affordable housing units. The HPP is intended to apply to units created by the City’s Below Market Rate (BMR) and Housing Trust Fund (HTF) programs.

The policy goals for the Housing Preference Policy are:

- Responsive: supporting those with ties to Berkeley who have already been displaced with a leg up in being able to return.
- Proactive: supporting those with ties to Berkeley who are facing housing insecurity & struggling to be able to stay in their community to be more stably housed.
- Racial equity-oriented: acknowledging and partially addressing historic harms, especially against the Black community, which has faced disproportionate discrimination and displacement pressures.

The recommended preferences were developed through in-depth community engagement and best practices research. Staff reports to the Housing Advisory Commission (HAC) on Housing Preference Policy are available at the links below. Please review these reports for more details:

- Minutes from the April 7, 2022 meeting contain the policy recommendations that the HAC made to Council: https://berkeleyca.gov/sites/default/files/legislative-body-meeting-minutes/2022-04-07%20HAC_Aproved%20Minutes.pdf
- April 7, 2022 HAC Report (implementation focus): <https://berkeleyca.gov/sites/default/files/legislative-body-meeting-agendas/2022-04-07%20HAC%20agenda%20packet.pdf>
- February 3, 2022 HAC Report (community engagement and policy focus): <https://berkeleyca.gov/sites/default/files/legislative-body-meeting-agendas/HAC%20agenda%20PACKET%202022-02-03.pdf>

The HAC recommended to City Council that the following preferences be included in the policy:

- Displacement due to eminent domain for the construction of Berkeley’s Bay Area Rapid Transit (BART) stations
- Displacement due to eviction
- Displacement due to foreclosure
- Families with children
- Homeless or at risk of homelessness
- Residential ties to Berkeley’s redlined areas
- Generational (up to two generations) ties to Berkeley’s redlined areas

Fair Housing law requires disparate impact analysis (DIA) for preferences. This analysis assesses how racial groups and other protected classes will be impacted by a preference policy and determines what percentage of units can receive preferences without creating disparate impacts on protected classes under state or federal law. Other funding agencies (county, state, federal) that contribute funding to the City’s nonprofit affordable housing need to approve this analysis before permitting use of a preference policy on those units. Staff needs to determine how each preference can be applied to the maximum percentage of units permitted by disparate impact analysis.

II. SCOPE OF SERVICES

The City is issuing this Request for Proposals (the “RFP”) in order to select an entity that can conduct Fair Housing analysis, specifically Disparate Impact Analysis (DIA) on the recommended preferences outlined above.

While approvals for use of preferences will take place on a project-by-project basis, this RFP seeks to produce a report that help inform City Council's consideration of the recommendations for a preference policy, as well as lay the groundwork for future approvals processes.

The City is seeking an entity that can demonstrate the skills and experience to complete the tasks outlined below. The selected firm will provide a Proposal demonstrating their ability to complete a **report on disparate impact analysis of proposed preferences**.

The Selected Applicant will enter into a contract with the City to complete the following tasks:

- Disparate Impact Analysis for each Preference listed in Section I
- Report summarizing Disparate Impact Analysis of each preference and any applicable Fair Housing implications
- Editable tools for project-based DIA analysis

Staff have been in contact with California Department of Housing and Community Development (HCD) about the agency's forthcoming guidelines on assessment of preference policies, which will help inform this report. Staff will provide the selected Applicant with analysis of existing conditions (including segregation), policy goals and justification (including how the preferences will affirmatively further fair housing), and existing anti-displacement strategies the jurisdiction has undertaken including feasible alternative practices to a preference policy. The complementary consultant report will focus on disparate impact analysis of proposed preferences.

The City will use this RFP to select an Applicant that can demonstrate the ability to complete a DIA for each preference and an accompanying report interpreting the results and their relation to Fair Housing law.

The proposed preferences require DIA, to the extent that racial and other relevant demographic information is available. Where such data is not available, it may not be possible to conduct DIA; in such cases, implications for protected classes should be assessed to the degree possible based on available information. Geography-based preferences, such as the proposed redlined areas preference, will require a DIA based on precedent from other cities. In San Francisco, a DIA found that setting aside 40% of units in the lottery for people meeting a neighborhood preference would not have a disparate impact. The policy options recommended by the HAC mimic the success of San Francisco and Portland to address historic racial disparities while balancing the demands of Fair Housing law.

The report should include statistical DIA on each of the recommended preferences, as is possible. The statistical evidence should analyze who is likely to benefit from the preference and who is not likely to benefit, and to the degree possible must analyze all protected characteristics under local, state, and federal law (e.g., national origin, disability status, familial status). Data analysis should show whether and how the preference will have a disparate impact on protected classes. The City will provide the selected Applicant with template analysis tools reflecting court-validated DIA methodologies for residential preferences.

The selected Applicant would be expected to creatively develop methodology for analysis where existing analytical tools are not a fit for proposed preferences. This report should also include an interpretation of the DIA results and implications for policy application, with recommendations for how the policy can best be applied to achieve policy goals and conform with Fair Housing law. Approvals for use of preferences will ultimately be submitted on a project-by-project basis, and this RFP seeks to lay the groundwork for future approvals processes by conducting preliminary analysis for each preference. The City will assume ownership of all work products provided by Applicant who enters into a contract as a result of this RFP. Analysis work products should be accessible for City staff to update with future project-specific data.

III. SUBMISSION REQUIREMENTS

All proposals shall include the following information, organized as separate sections of the proposal. The proposal should be concise and to the point.

1. Contractor Identification:

Provide the name of the firm, the firm's principal place of business (see section VII, F. – Local Vendor Preference), the name, telephone number, and email address of the contact person and company tax identification number. Describe proposed team organization and staffing plan for the project indicating the roles and responsibilities of each team member entity, including the individual's time commitment to the project. Proposed lines of communication with City staff should also be indicated. For each individual, provide current professional registrations, related experience, educational background, years of experience with the team, and background information demonstrating their capabilities and qualifications to perform the assigned task.

2. Client References:

Provide a minimum of three (3) client references. References should be California cities or other large public sector entities. Provide the designated person's name, title, organization, address, telephone number, and the project(s) that were completed under that client's direction.

3. Contract Terminations:

If your organization has had a contract terminated in the last five (5) years, describe such incident. Termination for default is defined as notice to stop performance due to the vendor's non-performance or poor performance and the issue of performance was either (a) not litigated due to inaction on the part of the vendor, or (b) litigated and such litigation determined that the vendor was in default.

Submit full details of the terms for default including the other party's name, address, and phone number. Present the vendor's position on the matter. The City will evaluate the facts and may, at its sole discretion, reject the proposal on the grounds of the past experience.

If the firm has not experienced any such termination for default or early termination in the past five (5) years, so indicate.

4. Experience:

Briefly describe the Applicant's experience, the names of the Board of Directors if any, number of years in business, and description of services the entity provides. In the case of applications submitted by an Applicant team, each organization included as a member of the applicant team must provide this information.

Identify projects completed or underway similar in nature and scope to those outlined in the scope of work. Provide a complete listing of all related work undertaken or completed in the past five (5) years, with a minimum of three (3) comparable projects, in an easily comprehensible format. The listings must include: project name, location, contract value, and description (describe relevance to this project); and role of the project manager in the effort. Relevant work should highlight Applicant's ability to identify data sources for data analysis of protected classes, and creatively develop methodologies, as alternative analysis approaches may be necessary for preferences that are not geography-based.

5. Scope of Work:

The proposal shall include a Scope of Work that contains as much detail as needed to describe how the required services will be performed, including:

- **Deliverables:** Identifies deliverables and associated tasks, as well as proposed approach
- **Schedule:** Proposes a schedule for the completion of all required tasks
- **Price Proposal:** Details costs by deliverable

Deliverables:

Proposal shall include a clear description of the Consultant’s understanding of the project, including key milestones and all deliverables, and state the approaches and methodologies which the consultant proposes to undertake in order to meet the stated objectives of the City. This section should include preliminary information on the applicant’s proposed Scope of Work to the project, including but not limited to:

- Understanding of Fair Housing laws as they pertain to preference policies
- Identifying data sources for data analysis, including for analysis of protected classes
- Demonstrating plans to provide alternative analysis for preferences that are not geography-based
- Conducting quality control on data analysis
- Ability to provide editable tools for project-based analysis (where applicable)

Schedule:

The Scope of Work shall include a schedule identifying the completion of all required tasks including key milestones and deliverables. The key milestones should include a draft of the Fair Housing study, a final Fair Housing study and project-based analysis tools, and a proposed number of meetings inclusive of the project initiation and conversations associated with the aforementioned tasks.

Price Proposal:

The proposal shall include pricing for all services. The Proposal shall itemize all services by task, including hourly rates for all professional, technical and support personnel, and all other charges related to completion of the work shall be itemized. Evaluation of price proposals are subject to the local vendor business preference (see section VII.F.)

IV. SELECTION CRITERIA

The following criteria will be considered, although not exclusively, in determining which firm is hired.

Ideal Applicants will have a proven track record of delivering relevant timely and professional quality services; demonstrated data analysis expertise, including creative methodology development and innovative use of data sources; strong project management and administrative capacity; an understanding of Fair Housing law and existing experience with anti-displacement policy analysis; and a commitment to racial equity.

** Effective 1/1/2022. Local Vendor Preference. For the purposes of comparing pricing as part of this competitive RFP for goods up to \$100,000 or non-professional services up to \$250,000, 5% shall be deducted from the bid price proposal from any local Berkeley vendor.*

A selection panel will be convened of staff to evaluate and score submittals.

V. CITY REQUIREMENTS

A. Non-Discrimination Requirements:

Ordinance No. 5876-N.S. codified in B.M.C. Chapter 13.26 states that, for contracts worth more than \$3,000 bids for supplies or bids or proposals for services shall include a completed Workforce Composition Form. Businesses with fewer than five employees are exempt from submitting this form. (See B.M.C. 13.26.030)

Under B.M.C. section 13.26.060, the City may require any bidder or vendor it believes may have discriminated to submit a Non-Discrimination Program. The Contract Compliance Officer will make this determination. This applies to all contracts and all consultants (contractors). Berkeley Municipal Code section 13.26.070 requires that all contracts with the City contain a non-discrimination clause, in which the contractor agrees not to discriminate and allows the City access to records necessary to monitor compliance. This section also applies to all contracts and all consultants. **Bidders must submit the attached Non-Discrimination Disclosure Form with their proposal.**

B. Nuclear Free Berkeley Disclosure Form:

Berkeley Municipal Code section 12.90.070 prohibits the City from granting contracts to companies that knowingly engage in work for nuclear weapons. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that engages in nuclear weapons work. If your company engages in work for nuclear weapons, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Nuclear Free Disclosure Form with their proposal.**

C. Oppressive States:

The City of Berkeley prohibits granting of contracts to firms that knowingly provide personal services to specified Countries. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that is covered by City Council Resolution No. 59,853-N.S. If your company or any subsidiary is covered, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Oppressive States Disclosure Form with their proposal.**

D. Sanctuary City Contracting Ordinance:

Chapter 13.105 of the Berkeley Municipal Code prohibits the City from granting and or retaining contracts with any person or entity that provides Data Broker or Extreme Vetting services to the U.S. Immigration and Customs Enforcement Division of the United States Department of Homeland Security (“ICE”). **Bidders must submit the attached Sanctuary City Compliance Statement with their proposal.**

E. Conflict of Interest:

In the sole judgment of the City, any and all proposals are subject to disqualification on the basis of a conflict of interest. The City may not contract with a vendor if the vendor or an employee, officer or director of the proposer's firm, or any immediate family member of the preceding, has served as an elected official, employee, board or commission member of the City who influences the making of the contract or has a direct or indirect interest in the contract.

Furthermore, the City may not contract with any vendor whose income, investment, or real property interest may be affected by the contract. The City, at its sole option, may disqualify any proposal on the basis of such a conflict of interest. **Please identify any person associated with the firm that has a potential conflict of interest.**

F. Berkeley Living Wage Ordinance:

Chapter 13.27 of the Berkeley Municipal Code requires that contractors offer all eligible employees with City mandated minimum compensation during the term of any contract that may be awarded by the City. If the Contractor is not currently subject to the Living Wage Ordinance, cumulative contracts with the City within a one-year period may subject Contractor to the requirements under B.M.C. Chapter 13.27. A certification of compliance with this ordinance will be required upon execution of a contract. The current Living Wage rate can be found here: https://www.cityofberkeley.info/Finance/Home/Vendors_Living_Wage_Ordinance.aspx. The Living Wage rate is adjusted automatically effective June 30th of each year commensurate with the corresponding increase in the Consumer Price Index published in April of each year. If the Living Wage rate is adjusted during the term of your agreement, you must pay the new adjusted rate to all eligible employees, regardless of what the rate was when the contract was executed.

G. Berkeley Equal Benefits Ordinance:

Chapter 13.29 of the Berkeley Municipal Code requires that contractors offer domestic partners the same access to benefits that are available to spouses. A certification of compliance with this ordinance will be required upon execution of a contract.

H. Statement of Economic Interest:

The City's Conflict of Interest Code designates "consultants" as a category of persons who must complete Form 700, Statement of Economic Interest, at the beginning of the contract period and again at the termination of the contract. The selected contractor will be required to complete the Form 700 before work may begin.

VI. OTHER REQUIREMENTS

A. Insurance

The selected contractor will be required to maintain general liability insurance in the minimum amount of \$2,000,000, automobile liability insurance in the minimum amount of \$1,000,000 and a professional liability insurance policy in the amount of \$2,000,000 to cover any claims arising out of the performance of the contract. The general liability and automobile insurance must name the City, its officers, agents, volunteers and employees as additional insured.

Insurance not Necessary: If the services are such that the risk of exposure to liability is very low, insurance may not be required. An example of such a service is an individual using his/her computer at home to lay out a newsletter for the City.

***** This determination must be made by the Risk Manager in writing before the RFP is issued. *****

Insurance Waiver: A situation in which insurance is not necessary is different from a case in which insurance may be waived. An insurance waiver is appropriate where insurance would usually be necessary but when, as a policy matter, the City is willing to take the risk of allowing an uninsured or under-insured individual or business to perform the work (usually when the risk of liability is low). An insurance waiver may be granted only by the Risk Manager in writing with the approval of the City Manager. If a potential bidder expresses an inability to meet the insurance requirement, he or she should be encouraged to contact the Project Manager & Risk Manager for assistance in obtaining insurance.)

B. Worker's Compensation Insurance:

A selected contractor who employs any person shall maintain workers' compensation insurance in accordance with state requirements. Sole proprietors with no employees are not required to carry Worker's Compensation Insurance.

C. Business License

Virtually every contractor that does business with the City must obtain a City business license as mandated by B.M.C. Ch. 9.04. The business license requirement applies whether or not the contractor has an office within the City limits. However, a "casual" or "isolated" business transaction (B.M.C. section 9.04.010) does not subject the contractor to the license tax. Warehousing businesses and charitable organizations are the only entities specifically exempted in the code from the license requirement (see B.M.C. sections, 9.04.295 and 9.04.300). Non-profit organizations are granted partial exemptions (see B.M.C. section 9.04.305). Persons who, by reason of physical infirmity, unavoidable misfortune, or unavoidable poverty, may be granted an exemption of one annual free license at the discretion of the Director of Finance. (See B.M.C. sections 9.04.290).

Vendor must apply for a City business license and show proof of application to Purchasing Manager within seven days of being selected as intended contractor.

The Customer Service Division of the Finance Department located at 1947 Center Street, Berkeley, CA 94704, issues business licenses. Contractors should contact this division for questions and/or information on obtaining a City business license, in person, or by calling 510-981-7200.

D. Recycled Paper

Any printed reports for the City required during the performance of the work shall be on 100% recycled paper, and shall be *printed on both sides of the page* whenever practical.

E. State Prevailing Wage:

Certain labor categories under this project may be subject to prevailing wages as identified in the State of California Labor Code commencing in Section 1770 et seq. These labor categories, when employed for any "work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work," constitute a "Public Work" within the definition of Section 1720(a)(1) of the California Labor Code requiring payment of prevailing wages.

Wage information is available through the California Division of Industrial Relations web site at: http://www.dir.ca.gov/OPRL/statistics_and_databases.html

F. Local Vendor Preference

City of Berkeley applies a local vendor preference for comparing pricing submittals in RFP responses (City Council Resolution No. 69,890-N.S.)

A **local business** is defined as "a business firm with fixed offices or distribution points located within the City of Berkeley boundaries and listed in the Permits and License Tax paid file, with a Berkeley business street address."

Contractor understands the meaning of the following terms used in the SCCO:

Contractor further understands and agrees that Contractor's failure to comply with the SCCO shall constitute a material default of the Contract and the City Manager may terminate the Contract and bar Contractor from bidding on future contracts with the City for five (5) years from the effective date of the contract termination.

By executing this Statement, Contractor certifies that it complies with the requirements of the SCCO and that if any time during the term of the Contract it ceases to comply, Contractor will promptly notify the City Manager in writing.
