

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

HOUSING ELEMENT ANNUAL PROGRESS REPORT (APR) INSTRUCTIONS

INTRODUCTION

Note: Some instructions and definitions can be found in the column headers of the tables. (Cells with red marks) Government Code section 65400 requires that each city, county, or city and county, including charter cities, prepare an annual progress report (APR) on the status of the housing element of its general plan and progress in its implementation, using forms and definitions adopted by the Department of Housing and Community Development (HCD). The following form is to be used for satisfying the reporting requirements of Government Code. These forms and instructions, originally adopted March 27, 2010, have been updated to incorporate new Housing Element APR requirements pursuant to Chapter 374, Statutes of 2017 (Assembly Bill 879); Chapter 366, Statutes of 2017 (Senate Bill 35), Chapter 664, Statutes of 2019 (Assembly Bill 1486), Chapter 159, Statutes of 2019 (Assembly Bill 101), Chapter 661, Statutes of 2020 (Assembly Bill 1255), Chapter 15, and Statutes of 2020.

How to submit the Housing Element Annual Progress Report (APR)

The APR must be submitted to the Department of Housing and Community Development (HCD) and the Governor's Office of Planning and Research (OPR) on or before April 1 of each year using the forms and tables specified by HCD. The APR provides information for the previous calendar year and must be submitted separately to both HCD and OPR (Gov. Code, § 65400.). There are two methods available for submitting APRs:

1. Online Annual Progress Reporting System - This allows jurisdictions to upload directly into HCD's database, limiting the risk of errors. To use the online system, email APR@hcd.ca.gov, and request login information for your jurisdiction. *Please note: Using the online system only provides the information to HCD. The APR must still be submitted to OPR. Their email address is opr.apr@opr.ca.gov.*
2. Email - Jurisdictions complete the Excel APR forms and submit to HCD at APR@hcd.ca.gov and to OPR at opr.apr@opr.ca.gov. When using the email method, send the electronic version as an Excel workbook attachment. Do not send a scanned copy of the tables. In addition to submitting Housing Element APRs, jurisdictions must also submit General Plan Annual Progress Reports to both HCD and OPR. Please email these documents to APR@hcd.ca.gov and opr.apr@opr.ca.gov.

NOTE: When submitting successor entity reporting data as required pursuant to California Health and Safety Code 34176.1, the data must be identified as an addendum to the APR and emailed to APR@hcd.ca.gov concurrently with the APR submittal. When using the online system, this report should be sent separately to the APR email box to satisfy the Government Code section 65400 reporting requirement.

TABLE A2

Annual Building Activity Report Summary – New Construction, Entitled, Permits and Completed Units

Fields 1 through 15 Housing Development Information

This table requires information for very low, low, moderate and above moderate income housing affordability categories and for mixed-income projects. Include data on net new housing units and developments that have received any one of the following:

- An entitlement
- A building permit
- A certificate of occupancy or other form of readiness that was issued during the reporting year.

Please note: Only building permits are used for the purposes of determining progress towards RHNA (fields 7, 8 and 9 of this table, described below).

New housing units : For the APR, “new housing unit” means housing units as defined by the Department of Finance for inclusion in the Department of Finance’s annual “E-5 City/County Population and Housing Estimates” report, which is the same as the census definition of a housing unit.

Development activity spanning multiple years : It is highly likely that the same project will be reported in multiple years of APRs. For example, a project should be listed in three separate APRs if it is entitled in one year, receives the building permit next year, and the certificate of occupancy in the year following.

In scenarios where development activity spans multiple years, the jurisdiction should only report activity that occurred within the reporting year. For example, if a project received building permits in 2018 , but received entitlements in 2017 , the 2018 APR should only report the building permit information (fields 7, 8 and 9), and

Separate living quarters : A house, an apartment, a mobile home, a group of rooms, or a single room occupied as separate living quarters, or if vacant, intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live separately from any other individuals in the building and which have direct access from outside the building or through a common hall. For vacant units, the criteria of separateness and direct access are applied to the intended occupants whenever possible.

Please note: Group quarters facilities, such as dormitories, bunkhouses, and barracks cannot be counted as housing units, but student housing that is set up as separate living quarters per the census definition can be counted. This type of student housing must be counted per unit, and not on a bedroom or per person basis.

Net new units : If a building is being demolished to build the new units, the APR should report net new units. For example, if 10 units are being demolished on a site to build a 100-unit building, the APR should report 90 new units. In the case of new construction where fewer units are being built than were there previously, do not report negative permits. For example, if 10 units are being torn down on a site to build 5 units, this would not count as any new units on the APR and should not be reported as a negative number.

To assist in reporting demolished/destroyed units, refer to section number 20 below (Table A2, column 20).

All new unit information is to be listed in the following fields:

Fields 1 through 3 – Project Identifier and Unit Types

Enter date as month/day/year (e.g., 6/1/2018).

12. # of Units Issued Certificates of Occupancy or other forms of Readiness: This is an auto-populated field. This field will sum units that were issued a certificate of occupancy for very-low, low, moderate, and above moderate income, as entered in field 10 on this table.

13. How many of the Units were Extremely-Low Income Units (Optional): To gain a greater understanding of the level of building activity to meet the needs of extremely low-income households in the state, HCD asks that you estimate, to the extent possible, the number of units affordable to extremely-low income households. This number will be a subset of the number of units affordable to very low-income households, as indicated in fields 4, 7 and 10 above. *Please note: The number entered in the very low section will not be reduced by the number entered here. Although completion of this field is optional, your input would be greatly appreciated.*

TABLE B

Regional Housing Needs Allocation Progress – Permitted Units Issued By Affordability

Table B is a summary of prior permitting activity in the current planning cycle, including permitting activity for the calendar year being reported. To assist jurisdictions in completing this form, HCD has pre-filled permit data as reported to HCD on prior APRs. Past unit information will auto-populate when the jurisdiction’s name in the general information section of the “Start Here” tab is entered. Current year permitted units will auto-populate from data reported in table A2. If permit activity for current year is inaccurate, jurisdictions should make adjustments on field number 7, Affordability by Household Income – Building Permits in table A2.

[Please contact HCD at APR@hcd.ca.gov if data from previous years does not populate or if different than the information supplied in Table B. Any changes made by localities to previous years’ data in Table B will not update prior APR records maintained by HCD.](mailto:APR@hcd.ca.gov)

Table B reports the number of units for which permits were issued to demonstrate progress in meeting the jurisdiction’s share of regional housing need for the planning period.

- 1. Regional Housing Needs Allocation by Income Level:** Lists the jurisdiction’s assigned RHNA for the planning cycle by income group. This field will be auto-populated once the jurisdiction’s name is entered in the “Start Here” tab.
- 2. Year:** Lists the building permit data for each year of the RHNA planning cycle beginning in the first year and ending with the data from the current reporting year which can be found in Table A2.
- 3. Total Units to Date (all years):** Totals the number of units permitted in each income category.
- 4. Total Remaining RHNA by Income Level:** This field uses the information from the “Total Units to Date” category and deducts the units by income category from the jurisdiction’s assigned RHNA number. Note: The total units remaining to meet the RHNA allocation is in the bottom right hand corner.

TABLE C

Sites Identified or Rezoned to Accommodate Shortfall Housing Need

Please note: This table should only be filled out when a city or county identified an Unaccommodated Need of sites from the previous planning period Government Code section 65584.09, has Shortfall of Sites as identified in the housing element Government Code section 65583, subdivision (c)(1); or is identifying additional sites required by No Net Loss law pursuant to Government Code section 65863. In general, a jurisdiction must demonstrate sufficient capacity on existing sites or make available adequate sites within 180 days of there being insufficient sites to meet the remaining RHNA.
 - **Unaccommodated Need** (Government Code section 65584.09): When a jurisdiction failed to identify or make adequate sites available in the prior planning period to accommodate its RHNA by income category. Note: When this condition occurred, the housing element in the current planning period in most cases will have a program to make available adequate sites to address the unmet RHNA by income category in the first year of the
 - **Shortfall of Sites** (Government Code section 65583, subdivision (c)(1)): When a jurisdiction does not identify adequate sites to accommodate its RHNA by income category in the current planning period. Note: When this condition occurred, the housing element for the current planning period must have included a program to make available adequate sites to address the unmet RHNA by income category. For jurisdictions on an eight year planning period, the rezones must be complete within the first three years of the planning period.

1. Total Award Amount: Utilizing the LEAP application and award letter, fill in the total award amount for all proposed LEAP activities.

2. Task: Utilizing Attachment 1: Project Timeline and Budget from the LEAP application, fill in all project level tasks. Do not fill in sub-tasks. For example, an application might include a project level task to prepare and adopt a downtown specific plan. In this case, simply fill in downtown specific plan and do not fill in sub-tasks such as outreach, traffic studies, drafting and adoption.

3. \$ Amount Awarded: Utilizing Attachment 1: Project Timeline and Budget from the LEAP application, fill in the total amount awarded for each project level task.

4. \$ Cumulative Reimbursement Requested: Utilizing reimbursement requests sent to the Department, add up all requested amounts for each project level task. Frequently Asked Questions

Can I leave a row blank?	Yes, you may leave blank rows in between rows that have information. However, you may not leave more than 10 rows blank.
How do I delete rows?	Click on a cell in the row(s) and type Ctrl-d . Note: Macros must be enabled
Why are the rows not summing correctly?	The summary tab and sum rows only include activities that occurred during the reporting year , according to the year selected in the "Start Here" tab.
Why are some cells highlighted yellow or green?	Yellow Cells: Required cells for each row become highlighted yellow once any cell in the row contains a character. They are highlighted and required once any lower or moderate income units are entered into the form. Green Cells: Cells highlighted green are where you indicate the number of units by affordability. This is required for the applicable sections (completed entitlement, issued building permits, issued certificates of occupancy) of Table A for the reporting year, but not an entitlement or certificate of occupancy during the reporting year, you would enter the units in the building permit section only. You may leave the other sections blank even though they are highlighted green. Once a value is entered into this range, the range will no longer be highlighted green.
Why are the date cells highlighted red?	Cells can be highlighted red for two reasons: Date cells: Sometimes, dates that are copied and pasted into this form are formatted as text. When pasting dates into the form, select "destination formatting" option. If the date cells are still highlighted red, they contain text. These must be converted to dates and paste in the dates that are formatted as text. In an adjacent column, enter the function =DATEVALUE and refer to the cell containing the date as text. This will result in a 5-digit number. Copy and paste these 5-digit numbers back into the APR form, then change the format to date (i.e., 3/4/2012). Text cells: Cells can also be highlighted red if the length of the text entered into the cell exceeds the character limit.
Can the same project be included in both Table A and Table A2?	Yes. Table A tracks all applications for residential development that were received and deemed complete during the reporting year. Table A2 tracks all entitlements, building permits, and certificates of occupancy for residential development that were issued in the reporting year and received entitlements, building permits, and/or certificates of occupancy during the reporting year, that project is included in Table A2.
What if I have nothing to report?	At minimum, the "Start Here" tab and Table D must be completed. If you have nothing to report in any of the other tabs, enter N/A or something similar.
How do I correct or update the values in Table B?	Table B contains data HCD has received from prior APR submittals as of October 6, 2020. If the numbers do not match your records, you may update them in the "Start Here" tab.
Do I upload this form into the record for the 5th Cycle or the 6th Cycle?	HCD's guidelines are as follows: If the 6th cycle started BEFORE July 1, 2019, the APR must be uploaded into the 6th cycle record. If the 6th cycle started AFTER July 1, 2019, the APR must be uploaded into the 5th cycle record.
Do I need to take the form to my Council or Board prior to submitting the APR?	Government Code section 65400 requires the planning agency to provide this report to the legislative body (i.e. local board of supervisors or city council) of each year. The statute does not specify in which order they be provided, and HCD does not require the report to be submitted to the legislative body prior to submitting it to HCD.
Can I use this form for a prior year?	You can use this form for 2018 and 2019. Make sure to change the reporting year in row 5 of the "Start Here" tab. For the years 2017 and prior, you must use the old version of the APR form found on HCD's website.
Does submitting the Housing Element APR fulfill the requirements of submitting a General Plan APR?	No. Government Code section 65400 requires jurisdictions to also submit a General Plan Annual Progress Report to the State Office of Planning and Research (OPR) at opr.apr@hcd.ca.gov and APR@hcd.ca.gov

Optional: This runs a macro which checks to ensure all required fields are filled out. The macro will create two files saved in the same directory this APR file is saved in. One file will be a copy of the APR with highlighted cells which require information. The other file will be list of the problematic cells, along with a description of the nature of the error.

Optional: Save before running. This copies data on Table A2, and creates another workbook with the table split across 4 tabs, each of which can fit onto a single page for easier printing. Running this macro will remove the comments on the column headers, which contain the instructions. Do not save the APR file after running in order to preserve comments once it is reopened.

Optional: This macro identifies dates entered that occurred outside of the reporting year. RHNA credit is only given for building permits issued during the reporting year.

Housing Element Annual Progress Reports (APRs) forms and tables must be submitted to HCD and the Governor's Office of Planning and Research (OPR) on or before April 1 of each year for the prior calendar year; submit separate reports directly to both HCD and OPR pursuant to Government Code section 65400. There are two options for submitting APRs:

1. Online Annual Progress Reporting System (Preferred) - Please see the link to the online system to the left. This enters your information directly into HCD's database limiting the risk of errors. If you would like to use the online system, email APR@hcd.ca.gov and HCD will send you the login information for your jurisdiction. *Please note: Using the online system only provides the information to HCD. The APR must still be submitted to OPR. Their email address is opr.apr@opr.ca.gov.*

2. Email - If you prefer to submit via email, you can complete the excel Annual Progress Report forms and submit to HCD at APR@hcd.ca.gov and to OPR at opr.apr@opr.ca.gov. Please send the Excel workbook, not a scanned or PDF copy of the tables.

Housing Programs Progress Report Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.			
1	2	3	4
Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
Berkeley Housing Authority	Provided housing assistance for low-income residents	ongoing	The BHA provides housing assistance to residents. BHA provides rental assistance to a total of 1,939 units through the Section 8 and Moderate Rehabilitation Program.
Boards and Commissions	Facilitate citizen input in City decisions	ongoing	The City held over 100 public meetings in 2020 on topics such as HTF, development projects, affordable housing and zoning ordinance amendments.
Condominium Conversion Ordinance	Control the rate of conversion and collect fees to fund affordable housing.	ongoing	In 2020, 8 units were approved for conversion.
Demolition Controls and Unit Replacement Requirement	Maintain the number of housing units in Berkeley.	ongoing	Amendments to the Demolition Ordinance were actively considered by the 4x4 Committee (which includes members of City Council and the Rent Stabilization Board) in 2020 and continue to be worked on in 2021. Changes in State Law (SB 330) and State Case Law have added to the complexity of this project.

Energy Conservation Opportunities and Programs	Promote energy efficiency in new and existing construction.	ongoing	In 2020, 58 Berkeley homes received cash rebates totaling \$66,111 for 208 energy efficient measures through the BayREN Home+ Program. In addition, 165 dwelling units in Berkeley received energy and water upgrades, qualifying for \$123,750 in rebates and saving 43,710 kWh of electricity and 8,375 therms of natural gas, through the Bay Area Multifamily Building Enhancements Program. In 2020, 245 homes had energy assessments during property sales and 135 large buildings completed energy benchmarking to comply with Berkeley's Building Energy Savings Ordinance (BESO). Newly constructed buildings became subject to Berkeley's Natural Gas Prohibition (BMC Chapter 12.80) and reach code (BMC Chapter 19.36) on January 1, 2020.
Fair Housing Assistance, Outreach and Education and programs addressing impediments to Fair Housing	Provide fair housing services and education to mitigate impediments to fair housing.	ongoing	In 2020, 44 clients were served by ECHO. All received fair housing counseling, 25 issues were investigated, 25 issues were investigated, and 10 clients's rights were protected, restored or acquired. Additionally, 10 fair housing tests were conducted and no violations were found. Two educational workshops for landlords/property managers were conducted and community based organizations reaching 10 residents.
Addressing Impediments to Fair Housing	Maintain the diversity of Berkeley's population	2015-2020	In 2020, the City funded programs serving people with disabilities at \$1,560,733 and programs for seniors at \$9,110.
Home Modifications for Accessibility and Safety (Rebuilding Together and CIL)	Provide home modification for accessibility.	ongoing	In 2020, COVID-19 had an impact on small construction sites which resulted in fewer rehabilitation and ADA improved accessibility repair projects being completed. Since these rehabilitation programs primarily serve high-risk populations (e.g. seniors/disabled), the agencies had to develop infection prevention protocols and adhere to the small construction site COVID-19 protocols which caused a delay in fully completing projects. In CY2020, Habitat for Humanity completed two home rehabilitation repairs, Rebuilding Together completed five home rehabilitation repairs, and CIL completed 12 ADA improved accessibility repairs projects. SDRLP completed four home rehabilitation projects.
